

I'd like to welcome you to South & City College Birmingham. With more than 16,000 students, South & City College Birmingham is one of the largest and most successful Government funded colleges of Further Education in the UK.

I understand how important it is to make the right decisions about your education. I know how difficult it can be to decide which course, college or country to study in. At South & City College Birmingham we want you to have the best education and the most enjoyable experience any college can offer.

As a UK Border Agency (UKBA) highly trusted sponsor we are able to offer you a range of courses, from Level 3 through to a foundation degree. We also have an excellent English department, recognised as 'dynamic and vibrant' by Ofsted; who are the official body for inspecting colleges and schools. If you are looking to improve your English language skills we can offer you intensive programmes designed to do just that.

Our success rates are above the national average; in fact we had one of the highest overall success rates of any college in the city. Many of our international courses are taught from our Digbeth Campus, in the heart of the city of Birmingham. Birmingham itself is located in the middle of the country, so you'll be within easy reach of many exciting places whilst also having many places of interest available on your doorstep in this wonderful city.

You'll find the college to be a very safe and friendly place to study and our students come from countries all around the world, so you'll fit right in with your classmates. Whether you choose to live with a family or find your own place to stay we'll support you whatever your needs. We recognise happy students learn the most and have the best opportunities for future success in their chosen career, which is why we run trips and events throughout the year.

My staff and I are here to help you. We will give you ongoing support, right from your application through to the next step after you finish your course. If you have any questions, or if you'd like to talk to someone about any aspect of our college, please contact our International Team and we'll be more than happy to help you.

South & City College can help you on the way to success in your chosen career.

Mike Hopkins

Principal
