and unlock future job  
opportunities this year with  
South & City College Birmingham.

**FREE** short online and classroom-based courses available.  
Fully funded and freely available.

**Apply today online**

## What is Multiply?

Multiply will help you improve your maths and numeracy skills. It's a new government-funded programme. Whether you're a beginner or looking to get a qualification like Functional Skills, there is a range of different courses on offer. Learn at a pace and time that is convenient to you with online, classroom-based, and short course options available.

## What are the benefits of Multiply?

There are lots of different ways improving your maths and numeracy skills can benefit you:

- Improve the quality of everyday life
- Help you plan for the future
- Allow you to budget sensibly
- Make your money work harder
- Stay in control of your finances
- Help the children with their homework
- Improve your employment opportunities
- ... or prepare for further studies.

## What is the cost?

**FREE COURSES** – Multiply is fully funded by the government.
